

# Introducing the UT Southwestern Institutional Repository

Cameron J. Kainerstorfer, MSIS

Wednesday, 1/20/2015

D1.602

**Describe** what an institutional repository is

**Understand** different kinds of collections within an institutional repository

**Understand** the current and future uses for the UT Southwestern Institutional Repository

**Utilize** the UT Southwestern Repository to enhance and support

- medical education and research

- curriculum reform

- the scholarly publication lifecycle

- promotion and tenure

### Clifford Lynch

“[...] a set of services that a university offers to the members of its community for the management and dissemination of digital materials created by the institution and its community members.”

*Lynch, C. A. (2003, February). Institutional repositories: Essential infrastructure for scholarship in the digital age. ARL Bimonthly Report (226). Retrieved from <http://www.arl.org/storage/documents/publications/arl-br-226.pdf>*

### **Published Articles and Supplemental Material**

Article versions, tables, figures, charts, illustrations, datasets

### **Conference Materials and Supplemental Material**

Presentations, posters, working papers, white papers

### **Learning Objects**

Radiology teaching files

### **Student Work**

Electronic theses and dissertations (ETDs), capstone/final projects, posters, articles

### **Archival Content**

Newspapers, photographs, illustrations

**Digital Commons**

**Fedora**

**DSpace\***

**“Home-grown”**

**...**

**\*Originally developed between MIT and Hewlett-Packard**

## Highlighted Collections—Worldwide

The screenshot shows the KOBRA website, which is the digital repository of the University of Kassel. At the top, there are flags for the UK and Germany, and a search bar labeled "Search DSpace" with a "Go" button and a link to "Advanced Search". Below this is a banner image of a university building with the text "UNIKASSEL BIBLIOTHEK" and "KOBRA" in large white letters. A navigation bar contains links for "University Library", "Contact", "Legal Info", and "University". The main content area is titled "KOBRA - Dokumentenserver der Universität Kassel >". On the left is a sidebar menu with links: Home, Browse (with sub-links for Communities & Collections, Issue Date, Author, Title, Subject (DDC), Subject (SWD), and Type), Sign on to: (with sub-links for My DSpace, authorized users, New Users/ Register), Author Contract, and Help. The central content area has a section "Communities in DSpace" with the instruction "Choose a community to browse its collections." and a list of communities with their document counts: "Artikel gefördert durch den Open Access Publikationsfonds [9]", "[Dokumente aus aufgelösten Einrichtungen] [20]", "Fachbereiche [2459]", "Forschungszentren und -verbünde [7]", "Interdisziplinäre Arbeitsgruppen (IAG) [76]", "Interdisziplinäre Publikationen und Veranstaltungen [17]", "Wissenschaftliche Zentren [124]", and "Zentrale Einrichtungen [438]". On the right, there are three sections: "About Kobra ?" describing KOBRA as the e-library for scientific contents from Kassel University, "Hints for Authors" with a link to a submission guide, and "Policy" with a link to repository policies.

### Welcome to the BigMouth Dental Data Repository

BigMouth is an oral health database developed from de-identified electronic health record data contributed by dental schools who are part of the Consortium for Oral Health Research and Informatics ([COHRI](#)). Access to the database is provided by [i2b2](#), an open source data warehousing tool.

BigMouth contains data from five dental schools and is hosted at UTHealth | The School of Biomedical Informatics, Houston. The current participants are:

- Harvard | School of Dental Medicine
- Tufts University | School of Dental Medicine
- The University of California, San Francisco | School of Dentistry
- The University of Pittsburgh | School of Dental Medicine
- UTHealth | School of Dentistry

The Digital Commons @ the Texas Medical Center is a digital repository brought to you by the HAM-TMC Library.

The collection brings together all of the scholarly work from TMC faculty, researchers, and students into one central location. It contains journal articles, conference presentations, dissertations and theses, teaching materials, datasets, unpublished reports, and more. The repository also contains newsletters, annual reports, statistics, and other administrative documents from schools, departments, and programs.

TMC schools, faculty, researchers, and students are invited to deposit their digital materials for long-term preservation and world-wide accessibility. To learn more, read the "Author FAQ," email [digitalcommons@exch.library.tmc.edu](mailto:digitalcommons@exch.library.tmc.edu), or call 713-799-7126.

### Scholarly Activity Blocks

Potential articles, posters, presentations, “capstone projects”, studies...

## Grey Literature

Annual reports, policy analyses, etc.

Not controlled by publishers

Sometimes internally-produced

Found in repositories, department sites, etc.

Potential for student use and evaluation within the academic setting

*Happe, L. E., & Walker, D. (2013). Using Grey Literature to Prepare Pharmacy Students for an Evolving Healthcare Delivery System. American Journal Of Pharmaceutical Education, 77(4), 1-7.*

## Texas State MPA Program and Capstone Papers

Scholarly works help promote an institution or program

Student work versus evaluation of the work

Deposits motivate students and jumpstart scholarly publication through a career

*Shields, P. M., & Rangarajan, N. (2012, May 25). Student scholarship: A valuable asset and explaining downloads. Presentation presented at the 2012 Texas Conference on Digital Libraries, Austin, TX. Retrieved from <http://hdl.handle.net/2249.1/64284>*
