******Southwestern Medical School appoints
assistant dean for Student Affairs.*

Dr. Edward R. Johnson, assistant professor of Anesthesiology at The University of Texas Southwestern Medical School and director of Clinical Anesthesiology at Parkland Memorial Hospital, has taken additional duties as assistant dean for Student Affairs at the medical school.

According to Dr. Bryan Williams, Southwestern's associate dean for Student Affairs, Dr. Johnson will share administrative and student responsibilities handled by the Student Affairs office, including work with admissions, internship advising, summer jobs for students, senior electives and freshman orientation.

"We are very pleased with this appointment, especially because of Dr. Johnson's continuing clinical activities and his work with the Student Admissions Committee," Dr. Williams said.

As director of Clinical Anesthesiology, Dr. Johnson works closely with housestaff members and medical students at Parkland. He is current president of the medical school's Faculty senate and is a member of the senior attending staff at Parkland and the associate attending staff at Children's Medical Center.

He is also secretary-treasurer for the Dallas County Anesthesiology Society and is the liaison representative and regional coordinator of the American Society of Anesthesiologists Medical Student Preceptorship Program.

"Working jointly with the strong medical school and Anesthesiology department at Southwestern is the best opportunity I've ever had," Dr. Johnson commented.
