DALLAS--Hazel M. Fox, Ph.D., will be guest lecturer in nutrition for the School of Allied Health Professions of The University of Texas Southwestern Medical School Wednesday, August 30 at 4 p.m. in the auditorium at Children's Medical Center.

Dr. Fox, who is professor of food and nutrition at the University of Nebraska, will speak on "Total Nutritional Environment-- A Factor in Nutritional Evaluation of Proteins."

A recipient of the Borden Award for studies in human nutrition, Dr. Fox has been active in studies of human protein nutrition for many years. Her research has included investigations of the amino acid requirements of men.

She has also participated in metabolic studies of children with the Children's Fund of Michigan as well as having cooperated with other leading nutrition researchers in general nutrition studies of preschool children in the north central United States.

AUGUST 28, 1972
