UNIVERSITY
OF TEXAS

SOUTHWESTERN
MEDICAL SCHOOL

VOLUME XV, NO. III

ISSUED IN DALLAS

WINTER 1967

Looking over the campus are Dean Charles Sprague and over two new Associate Deans, Julius Weeks (Business Affairs), and Rockwell Schulz (Administrative and Hospital Affairs).

From The Dean

I hope to incorporate a brief progress report on present and planned activities of the school in each issue of *The Sou'wester*. Hopefully, this will keep you apprised of what is going on in a rapidly changing situation. I can only say, at this point, that I am delighted to have the opportunity to be a part of what I hope and believe will be an exciting developmental program at The University of Texas Southwestern Medical School. We will need your support, if we are to be successful in many of our endeavors, and I realize the need to provide you with adequate information to serve as a basis for making logical judgments.

I would welcome the chance to meet those of you I do not yet know any time you are at the school or in Dallas and tell you personally of some of our current thinking. It is my earnest hope that with the already great strength existing at Southwestern, we will be able to achieve a truly distinguished institution capable of dealing successfully with health problems on a broad base. In the next issue, I plan to go into this concept in more detail with you. In the meantime, we would welcome any questions, suggestions, or criticisms that you may have.

Charles C. Sprague, M.D., Dean

MONEY AND PLANS

On October 27, the Board of Regents of The University of Texas System, in expressing appreciation for the past performance of the medical school, awarded the school an additional THREE MILLION DOLLARS, bringing the total University allocations to over SIX MILLION. This will assist Southwestern greatly in moving ahead with the building program, but it is a mere beginning. The estimated cost of all projected building is nearly TWENTY MILLION.

By 1971, plans are to have a biomedical information center (combining the library with various com-

puter and audio-visual services), a basic science research building, an administration building and postgraduate teaching center (combining administration, postgraduate teaching, an auditorium, cafeteria, and faculty lounge), a classroom and laboratory teaching building, and an animal care facility. In addition, the Cary building will be remodeled to provide more office and laboratory space for the clinical departments. A service building, student housing, and overall site development are also in the vital stages of

(Continued on Page 2)

Money and Plans

(Continued from Page 1)

planning.

In meeting the challenge of medical education, research, and service, a medical school must have rational control over its destiny, and develop guidelines to assist those working within it to capitalize upon opportunities and to solve problems. Thus, a long-range master plan for The University of Texas Southwestern Medical School is being developed to meet changing needs in a changing society. A planning committee recently formed at Southwestern includes DR. TOM SHIRES, DR. DONALD SELDIN, DR. PARKHOUSE SHORE, DR. VERNIE STEM-BRIDGE, DR. ROBERT STUBBLEFIELD, DR. FRANK HARRISON, and ROCKWELL SCHULZ, new Associate Dean for Administrative and Hospital Affairs.

Board of Regents Approves Medical School Hospital Affiliations

In September the BOARD OF REGENTS OF THE UNIVERSITY OF TEXAS gave approval for a coordinated education, research and treatment program between SOUTHWESTERN MEDICAL SCHOOL and METHODIST HOSPITAL, CHILDREN'S MEDICAL CENTER, CALLIER SPEECH AND HEARING CENTER and the DALLAS NEUROPSYCHIATRIC INSTITUTE.

A cardiopulmonary program for research, education and treatment, co-directed by DR. WILLIAM F. MILLER and DR. FOUAD A. BASHOUR of the Department of Internal Medicine, has been established in conjunction with METHODIST HOSPITAL. This program will emphasize improved methods of diagnosis and treatment of pulmonary and cardiac disease as well as evaluation of current methods. The education program will be directed at Dallas and North Texas physicians, medical students, interns and residents as well as paramedical personnel concerned with patient care.

CHILDREN'S MEDICAL CENTER will furnish the clinical facilities for a comprehensive care program for children under the direction of the faculty of Pediatrics of Southwestern. The program is supported by a U. S. Department of Health, Education and Welfare Children's Bureau grant.

CALLIER SPEECH AND HEARING CENTER will provide sixty weekly hours of qualified professional services to aid in a complete program of diagnosis, evaluation, and counseling, as well as education, research and the development of improved techniques for testing speech and hearing problems of the mentally retarded.

In 1965 the Texas Legislature appropriated \$250,000 to the Department of Mental Health and Mental Retardation for planning and authorized construction of a DALLAS STATE NEUROPSYCHIATRIC INSTITUTE, which will serve as a teaching facility for SOUTHWESTERN MEDICAL SCHOOL. The University of Texas has agreed to deed about ten acres for construction of the Institute on the Southwestern Campus.

ALUMNI REUNION — SAN DIEGO STYLE

"L. Cdr. JIM CARRICO ('61) staff surgeon, reported aboard today," writes L. Cdr. James W. (Jim) Howell ('62), third year pathology resident at the U. S. Naval Hospital, San Diego, California, "and we were talking about the SMS ALUMNI stationed here." Southwestern is ably represented by L. Cdr. JOHN DeKREY ('58) assistant chief, department of anesthesia, L. Cdr. DAN SLEMMONS ('58) chief, ENT department; L. Cdr. ROBERT MEADERS ('59) fourth year ophthalmology resident; L. Cdr. PATRICK FLYNN ('60) second year surgical resident; Lt. JOHN DICKENSON ('63) first year resident in dermatology and L. Cdr. ROBERT NELMS ('62) fourth year resident in pathology.

Drs. HOWELL and NELMS recently received their promotion to the rank of L. Cdr. (equivalent to an Army Major.)

It sounds like the beginning of a SAN DIEGO ALUMNI CHAPTER.

Southwestern Sponsors First Annual Neurological Symposium March 7-8-9, 1968

The University of Texas Southwestern Medical School, Department of Neurology, will sponsor the first annual Dallas Neurological Symposium entitled *The Cerebellum in Health and Disease* on March 7, 8, 9, 1968, which will be held in the third floor theatre of the Apparel Mart on Stemmons Freeway.

The Symposium will bring to Dallas a host of internationally distinguished neuro-scientists. It is one of a number of projects being planned to focus attention on our Medical School as a center for neurological research.

DR. WILLIAM S. FIELDS of the Department of Neurology is Director and Program Chairman for the Symposium. DR. DAVID D. DALY, DR. FRANK HARRISON and DR. WILLIAM D. WILLIS, JR. are also members of the program committee.

The registration fee for the three day meeting will be \$100.00, which will include the luncheons. Advance registration is requested, and admittance will be by registration only. Medical students, interns, residents, fellows and graduate students will be admitted for a \$15.00 registration fee, which must be accompanied by a letter of identification from the department head. There will be planned activities for wives who accompany their husbands.

Further information and advance registration forms may be obtained by contacting MRS. SARAH P. COLE, Department of Neurology, who is coordinating the Neurological Symposium.

NEWS OF ALUMNI

THE CLASSES OF THE 40's

WILLIAM P. BLOCKER, JR. (D'44) has been promoted to Chief of Physical Medicine and Rehabilitation at the V. A. Hospital in Houston. He was formerly in the Central V. A. Office in Washington.

OSCAR L. MORPHIS (M'44) Ft. Worth Radiologist, has been elected to the Advisory Board of the Texas Medical Assistants.

WILLIAM M. SANDERS, JR. ('47) has opened his new office in the Locke Medical Building in Dallas for the practice of Urology.

C. R. SUTTON, JR. (D'44) has left Uvalde, Texas to work with the Veterans Administration Hospital in Little Rock, Arkansas.

THE CLASSES OF THE 50's

SOME ARE FINISHING THEIR RESIDENCY AND/OR MILITARY SERVICE AND HAVE ENTERED PRIVATE PRACTICE —

JOHN L. GOUGH ('56) has recently affiliated with the Oak Cliff Physicians and Surgical Clinic as General Surgeon.

DEE H. NORTON, JR. ('59) has opened his office in Preston Center, Dallas, for the practice of Obstetrics and Gynecology.

JAMES M. PAULE ('56) is practicing Internal Medicine in Fresno, California with a sub-specialty in Metabolic and Renal Disease.

WENDELL C. SCHORLEMER ('57) is practicing Obstetrics and Gynecology in San Antonio, Texas.

CHARLES L. MAHANEY ('57), who was with the V. A. Hospital in Dallas, has joined Leonard Flohr in the practice of Cardiology in Internal Medicine in Dallas.

SOME ARE BEGINNING OR CONTINUING MILITARY SERVICE —

LAW SONE, JR. ('59), who had begun practice in Anesthesia in Dallas, has gone into the Army and is stationed at Ft. Gordon, Georgia.

HOMER H. HANNA ('52) is at the School of Aerospace Medicine, Brooks Air Force Base, Texas.

BILLY D. BURK ('56) is a Lt. Col. at the Martin Army Hospital, Ft. Benning, Georgia.

JOHN B. CHESTER, JR. ('57) a Lt. Col. with the Army, has returned from Okinawa and is at Fitzsimons Hospital in Denver.

SONLEY R. LE MAY, JR. ('57) an Army Lt. Col. is now in Vietnam.

R. DON PATMAN ('58) who was established in the practice of Vascular Surgery in Dallas has entered the Navy.

OTHERS HAVE OPENED NEW OFFICES OR TAKEN NEW APPOINTMENTS —

HUGH C. MOORE ('59) is with the Department of Pathology, Methodist Hospital, Memphis, Tennessee.

CHARLES R. CAIN ('57) has moved his office in Internal Medicine to the Northlake Doctor's Building in Dallas.

WILLIAM B. SHELTON ('58) is in a Radiology Residency at Baylor in Dallas.

SAMMY SWINDELL ('54) has returned to Dallas for a General Surgery Residency after years of General Practice in Sulphur Springs, Texas.

J. PAUL GOLDSMITH ('52) is in General Practice in Tyler, Texas.

MARCUS B. DALKOWITZ ('52) has opened his office in San Antonio for the practice of General Surgery.

LOYD W. CONYERS ('55) has moved his offices to the Locke Medical Building in Dallas.

JOHNNY B. MILNER ('57) is in a Psychiatry residency at Parkland.

L. R. RADFORD ('56) and FRANK GOMEZ ('55) are now affiliated with the Miller Radiological Association in the Locke Medical Building in Dallas.

CHARLES B. GRAHAM ('59) has begun the practice of Orthopaedic Surgery in Dallas after completing his residency at the Dallas V. A. Hospital.

MARVIN K. HALL, JR. ('59) is practicing Ophthalmology in Marshall, Texas.

GARY C. HUTCHINSON ('59) is associated with Dr. Jack Stern in Neurosurgery in Dallas.

WHILE OTHERS WRITE OF THEIR BUSY PRACTICE, ELECTION TO PROFESSIONAL SOCIETIES, ETC.

GEORGE M. BOSWELL ('50) presented a paper on surgical re-implantation of an arm (that had been completely amputated in an accident) before the Texas Chapter of the American Physical Therapy Association. Dr. Boswell is an Orthopaedic Surgeon in Dallas.

JAMES W. CALDWELL ('59) who is in Physical Medicine at Baylor in Dallas, has become a Fellow of the American Academy of Physical Medicine, and a member of the American Association of Electromyography.

ROBERT W. GRACE ('56) Dallas physician, has become an affiliate of the American Academy of General Practice.

EDWARD L. (Tommy) SMITH ('56) is with the Waco Radiological Clinic.

TED W. BYWATERS, JR. ('57) is an Orthopaedic Surgeon in Dallas.

THE CLASSES OF THE 60's

TWELVE ALUMNI ENTER MILITARY SERVICE.

JOHN G. HENRY ('66) is now in the Navy, doing his internship, as is

H. A. ANDERSON ('66) who is stationed at Camp Pendleton, California.

JAMES T. STINNETT ('66) has entered the U. S. Air Force and is now at Altus, Oklahoma.

ROBERT C. MORRISON ('60) who was a Fellow at UTSMS has gone into the U. S. A. F. and is now stationed at Scott Air Force Base, Illinois.

ROBERT B. NISBET ('63) is stationed at the Little Rock, Arkansas Air Force Base.

SAUL L. TREVINO ('66) completed his internship at Charity in New Orleans, and is now at Robbins Air Force Base, Georgia.

CHARLES (Al) LINDSEY ('66) has completed his internship at King County Hospital, Seattle, Washington and has gone into the Army for a two year hitch.

RICHARD J. WILLIAMS ('64) is now a U. S. Air Force Captain attached to Fighter Squadron 211, c/o APO San Francisco, California.

DIXON PRESNALL ('65) has entered the U. S. Navy at Flight Surgeon and is stationed at Kingsville, Texas.

ROBERT L. JENNINGS ('62) is in the Department of Surgery at Dyess Air Force Hospital, Abilene, Texas.

DAVID HUGHES ('62) has been transferred from Kenner Army Hospital in Ft. Lee, Virginia to the 61st Medical Detachment, San Francisco, California.

MARTIN B. COHEN ('65) recently left Parkland for military duty with the U. S. Air Force and is stationed at Lackland, Texas.

ANOTHER GROUP HAS STARTED RESIDENCY TRAINING:

CHARLES A. BRAY ('63) in Psychiatry at Topeka State Hospital in Topeka, Kansas.

DAVID S. ALKEK ('65) in Dermatology, while living in Elkins Park, Pennsylvania.

JOSEPH D. GOLDSTRICH ('64) has begun a Medicine residency at Chapel Hill, North Carolina. He and his wife, Gayle, have a new son, Josh Harris, born June 9, 1967.

RICHARD COHEN ('66) is now in a Radiology residency at General Rose Hospital in Denver. He and his wife, the former Bobbie Horvich of Dallas, are expecting their first child.

TWO ACCEPT ACADEMIC POSTS

ROBERT J. GOLDSTEIN, who received his Ph.D. in Microbiology in June, 1967, became Assistant Professor of Biology at Emory University in Atlanta as of September 1, 1967.

KARL T. DOCKRAY ('61) former Marine Corps Captain has accepted a post at the University of Arkansas School of Medicine in Little Rock, Arkansas.

BAYLOR UNIVERSITY HOSPITAL in Dallas is well staffed this year with UTSMS graduates in Residency:

MARVIN A. BERRY ('65) General Surgery, ROBERT L. BRANNON ('62) Obstetrics-Gynecology, JAMES T. COGGINS ('65) Urology, JAMES W. COWAN ('64) General Surgery, CHARLES R. CRANE ('64) Physical Medicine and Rehabilitation, JAMES A. DUFF ('65) General Surgery, PHALA A. HELM ('66) Physical Medicine and Rehabilitation, WILLIAM FRED LUCAS ('61) Obstetrics-Gynecology, MADGE ANN PARKER ('65) Radiology, GLENN H. ROBERSON ('65) Radiology, CAROL SEGAL ('65) Internal Medicine, DANA SEGLER ('65) Obstetrics-Gynecology, BOBBY L. STAFFORD ('65) Orthopaedic Surgery, SANDRA DEEN STEINBACH ('62) Radiology, LONDON W. STEWART ('64) Internal Medicine, VICTOR TRAMMELL ('65) Pathology, B. KENDRICK WEST ('61) General Surgery and IRA B. WILE ('63) Urology.

EVALEA GLANGES ('66) has been awarded a fellowship in Experimental Surgery at Baylor.

OTHERS HAVE BEGUN PRACTICE —

DAVID JAMES WRIGHT ('60) recently completed two years of military service in Berlin and is now practicing in Colorado Springs, Colorado.

TREVOR E. MABERRY ('60) has established an office on Northwest Plaza Drive in Dallas for Otolaryngology and Rhinology.

ROBERT M. KUHNE ('60) is in Richardson, Texas, practicing Obstetrics-Gynecology.

WILLIAM H. STARLING ('62) is now associated with The Children's Clinic in Tyler. Pediatrics — no less.

HENRY C. HARRIS ('62) has his nose to the grindstone. He is one of five physicians in Commerce, Texas, and writes that he will no doubt be there permanently, as he has a new house, new clinic, new car. His wife and his bank, regrettably, know his whereabouts at all times! Sounds like practice is pretty good in Commerce.

PEGGY JOANN DYER ('60) recently began the practice of Plastic and Reconstructive Surgery in Denton, Texas.

JAMES K. KNOTT ('60) is practicing OB-GYN in Corpus Christi, Texas, and assures us that all his deliveries occur between 9 a.m. and 5 p.m.

BEN R. KELLER, JR. ('61) is also in Obstetrics-Gynecology at Arlington, Texas.

FELIX P. PEPPARD ('62) recently announced the opening of his office for General Surgery in Dallas.

R. EDWARD THOMAS ('62) is now established in General Practice in Irving, Texas.

Student Research Forum

This year the Student AMA hosted the 6th Annual Student Research Forum. Both the quantity and quality of papers submitted by the students indicated an increased interest on both the preceptor and student level. Over twenty abstracts were submitted and twelve papers were selected for presentation. Students from all four classes participated, and almost every division of the medical curriculum was represented, with topics ranging from microanatomy and neurophysiology to gastroenterology and cardiology. The wide variety of problems studied reflected the diverse array of subjects available to the student in summer research.

This year's principal speaker was Dr. Eugene Braunwald, recently chairman of the NIH Heart Institute, and presently the Chairman of the Department of Internal Medicine at the new University of California Medical Branch at San Diego. He discussed some exciting aspects of his work on mechanism of congenitive heart failure. Dr. Braunwald, the students and their sponsoring professors, and the chairmen of departments attended a luncheon afterwards at the Skillern Student Center. The student participants were presented with copies of Garrison's *History of Medicine*, each with a specially inscribed bookplate.

The attendance and participation by both students and faculty made the Research Forum a most satisfying and significant affair.

Personalities In The News

ALUMNI

DR. CHESTER E. COOK ('45) Chairman of the Board of Directors of the Alumni Association and Medical Director for Southwestern Life Insurance Company in Dallas has been reelected Treasurer of Life Insurance Medical Directors of America. The Association, an international organization, recently held its 76th annual meeting in Hartford, Connecticut.

DR. DOYLE W. FERGUSON ('44) Alumni President-elect and Medical Director of Blue Cross — Blue Shield of Texas has been named an Advisory Director of the Merchants State Bank in Dallas.

On October 6 the American College of Surgeons held its annual clinical congress in Chicago, and seven UTSMS graduates were admitted as Fellows.

From Dallas: GEORGE M. BOSWELL, JR. ('50) Orthopaedic Surgeon, WILLIAM C. BROOKS ('58) General Surgeon, JAMES H. DUKE, JR. ('60) General Surgeon, PAUL R. ELLIS, JR. ('53) Thoracic Surgeon and JOHN L. GOUGH ('56) General Surgeon. Also inducted in the formal cap-and-gown ceremony were WERNER E. SPIER ('55) El Paso Obstetrician-Gynecologist and MILTON LEVENTHAL ('57) who practices General Surgery in Garland, Texas.

FACULTY

DR. JOHN S. CHAPMAN, Assistant Dean for Postgraduate Education, and a member of the AMA Council on Environmental and Public Health was honored by special invitation to the White House on November 21 to witness the signing of the Clean Air Act, a law designed to set standards for the atmosphere and to provide for enforcement.

DR. M. T. JENKINS, Chairman of the Department of Anesthesiology was elected an additional delegate to the World Federation of Societies of Anesthesiologists at the annual meeting of the American Society of Anesthesiologists in Las Vegas, Nevada on October 3rd.

DR. LEONARD L. MADISON, Professor of Internal Medicine, received the Jacobaeus Award from the International Diabetes Federation at its Sixth Congress held in Stockholm, August 2nd. The award, in addition to a cash prize, carries the distinction of presenting the Jacobaeus Lecture at the international meeting. Dr. Madison delivered the lecture on "The Role of Insulin in the Hepatic Handling of Glucose".

DR. ROBERT L. STUBBLEFIELD was recently elected President of the Texas Society of Child Psychiatry, recently organized by the formally trained child psychiatrists in the state. Dr. Stubblefield is Chairman of the Department of Psychiatry.

NEW FACES IN NEW PLACES

STUDENTS

With the new school term comes another new class. Some 108 freshmen comprise the first-year class. Texas colleges and universities represented in the class are The University of Texas, 28; Rice University, 10; Southern Methodist University, 8; Texas Technological College, 8; Austin College, 7; Baylor University, 6; Texas Christian University, 6; Texas A&M, 5; North Texas State University, 4; University of Texas at Arlington, 3; University of Texas at El Paso, 3; Southwestern University, 2; Abilene Christian College, 1; Hardin-Simmons, 1; Lamar State, 1; Midwestern University, 1; Texas Woman's University, 1; the University of Houston, 1.

Out-of-state colleges represented are Duke, Asbury College, Stanford, Tulane, Colorado College, Cornell, the University of Arkansas, the University of California at Berkeley, the University of Colorado, Washington University, St. Louis, Mo.; and the U. S. Naval Academy, Annapolis, Md. Medical students total 403; 68 are graduate students and 40 per cent of the students are married.

FACULTY

Many new faces are in many new places at the medical school this year. Newcomers on the faculty include: Dr. C. Peter Fawcett, Assistant Professor of Physiology; Dr. Harry Hutchinson, Visiting Assistant Professor of Obstetrics and Gynecology; Dr. Joseph H. Jackson, Jr., Assistant Professor of Radiology; Dr. Constantine D. Kastritsis, Assistant Professor of Anatomy; Dr. Bassett B. Kilgore, Associate Professor of Radiology; Dr. Paschal J. LaRuffa, Instructor in Pediatrics; Dr. Donald Mierzwiak, Instructor in Internal Medicine; Dr. Charles E. Mize, Assistant Professor of Pediatrics; Miss Rosalie Mollenhauer, Instructor in Pediatrics; Mr. William Osburn, Associate Professor and Chairman, Department of Medical Art; Dr. Franklin J. Stein, Instructor in Surgery and Assistant Director of the Animal Hospital; Dr. Lester Turner, Assistant Professor of Psychology; Dr. Robert Walker, Visiting Associate Professor of Anatomy; Mrs. Sylvia G. Wilson, Instructor in Psychiatry; Dr. Richard Finkelstein, Associate Professor of Microbiology.

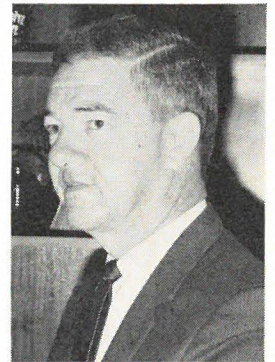

ADMINISTRATION

Two new Associate Deans, a new Director of Personnel, an Assistant to the Dean and a member of the new office of Information and Development have been added to the Southwestern scene.

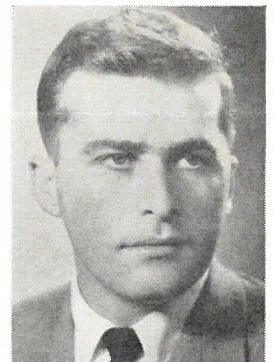

Rockwell Schulz, new Associate Dean for Hospital and Administrative Affairs, came to the University of Texas System and Southwestern Medical School from Tulane where he was Assistant Dean.

Prior to his appointment at Tulane, Mr. Schulz was a management consultant to medical schools and hospitals with Booz, Allen and Hamilton, Chicago, Ill. Currently, he is working with the planning committee for the development of Southwestern's expansion plans. He is also responsible for coordinating administrative affairs relating to Parkland Memorial Hospital with C. Jack Price, hospital administrator.

G. J. Roddy, new Director of Personnel, comes to Dallas from the Personnel Office of The University of Texas at Austin. He began his administrative career with the University in Personnel Planning and Research. Since March, 1965, he has been wage and salary supervisor at the University. Prior to his association with the University, Mr. Roddy had retired from the Army Signal Corps as a Lieutenant Colonel. He holds a Bachelor of Science degree from The University of Texas.

Dr. Howard M. Siegler, a native of Connecticut, has just begun work in an administrative training program at the Medical School. Dr. Siegler, Assistant to the Dean, is a graduate of Cheshire Academy, Cheshire, Conn., attended Yale University, and received his B.A. in biochemistry from Hofstra University, Hempstead, N. Y. His M.D. was obtained from New York Medical College and further training was taken at University Hospital of New York University and New Rochelle, N. Y.

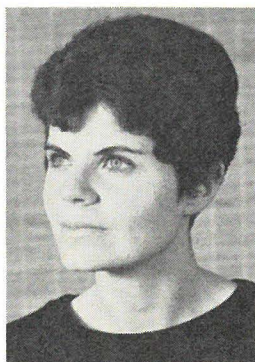

**REMEMBER YOUR ALUMNI ASSOCIATION
THIS CHRISTMAS**

Associate Dean Schulz is a graduate of Lawrence College, Appleton, Wis., and received his master's degree in hospital administration from the University of Minnesota, Minneapolis, Minn.

Julius Weeks, new Associate Dean for Business Affairs is a native of Wesson, Miss. He received his undergraduate degree in accounting from the University of Tennessee and an LL.B. from Memphis State University.

Mr. Weeks first served The University of Texas System at the Medical Branch in Galveston from 1959 to 1963 as Assistant Business Manager. From 1963 to 1966, he was Assistant Dean for Fiscal Affairs at the University of Cincinnati College of Medicine and just prior to coming to Southwestern was Business Manager of the University of Cincinnati.

Mrs. Bess G. Bentley is now in the Office of Information and Development. A native of Sheridan, Wyo. Mrs. Bentley was speechwriter for Texas House Speaker Ben Barnes in Austin during the 60th Legislative Session. She attended the University of Denver, and received her bachelor's degree in journalism from the University of Missouri School of Journalism.

Alumni Affairs

Chairmen Announce Plans For Alumni Cocktail Party TMA — 1968

STANLEY J. ZIMMERMAN, M.D. ('55) Chairman and PAEDER J. HOOVESTOL, M.D. ('54) Co-Chairman announce that plans are under way for our annual cocktail party to be held on SATURDAY EVENING, MAY 4th during the Texas Medical Association's annual meeting in Houston.

THE GARDEN ROOM of the SHAMROCK HILTON has already been reserved for us. The Hilton has also been designated as convention headquarters. Class reunions, fraternity parties and alumni parties have been scheduled on separate evenings so there should be no conflict in attendance. The 1967 party held at the Statler in Dallas was well attended and everyone had a good time "unwinding" and visiting with old friends, and we are expecting a greater turnout for 1968. Tickets will be available from the Alumni office prior to convention time. More news about this later, but MARK YOUR CALENDAR NOW — SATURDAY, MAY 4, 1968, 6:30 p.m.

IN MEMORIAM

STERMON M. WELLS, M.D. was killed in an automobile accident on August 30, 1967. Dr. Wells, a 1967 graduate, was practicing in Deming, New Mexico at the time of his death. He is survived by his wife, Winnie Carroll Wells and three children.

UT Board of Regents Approves New Basic Science Building

A new basic science research building at The University of Texas Southwestern Medical School will bear the name of a prominent Dallas family, Mr. and Mrs. Eugene McDermott. Board approval came at a meeting of the University Board of Regents in Houston on December 7.

To be named the McDermott Basic Science Research Building, the structure is slated for completion by the latter part of 1970. Construction is scheduled to begin in the spring of 1969. George Dahl of Dallas is the architect.

In addition to the generous support of the McDermott family, appropriations for the facility include funds from the federal government and permanent funds from The University of Texas. The estimated cost of the structure is estimated at approximately \$5 million. Some 75,000 sq. ft. will be added to research space at Southwestern.

The basic science building is included in Phase I of a developmental program at The University of Texas Southwestern Medical School. In preliminary planning stages are a biochemical information center, an administration building and postgraduate teaching center, a classroom and laboratory teaching building, and an animal care facility. They are set for completion by 1971. At a recent meeting, the Board of Regents appropriated \$3½ million of permanent University funds for these other facilities. Matching funds, however, need to be obtained.

REMEMBER YOUR ALUMNI
ASSOCIATION THIS CHRISTMAS

Chaparral Club Chosen for Alumni Banquet

Dr. George J. Race, President of the Alumni Association will host the 24th annual banquet and reunion at the exclusive CHAPARRAL CLUB, located on the 37th floor of the Southland Life Building in Dallas on Monday, March 18, 1968.

Alumni and their guests attending this year's function will enjoy a fabulous view of the Dallas skyline at night from sumptuous surroundings — as well as the cocktail party which starts at 7 p.m., followed by the famous Chaparral buffet at 8 p.m.

Dr. Charles B. Mullins, President of the Class of '58 and Dr. Arch D. Carson, President of the Class

of '48 will be on hand to welcome their classmates who will celebrate their ten and twenty year reunion.

Admission will be by prepaid reservation only. Club capacity is about 150, so send your reservation in early. Reservations can be made on a combination plan this year: \$6.50 per person for those who wish to attend the DINNER ONLY, and \$8.50 per person for the cocktail party and the dinner.

The Alumni function will be held in conjunction with Dallas Southern Clinical Association's Spring Conference, so those who plan to attend can easily coordinate these two events for tax purposes.

Please complete and mail with your check to: The University of Texas Southwestern Medical School Alumni Association, 5323 Harry Hines Blvd., Dallas, Texas 75235.

Yes, I plan to attend the 1968 Alumni Banquet.

Please make reservations for Dinner only for _____ @ \$6.50 per person
(Number of People)

Please make reservations for Cocktails and Dinner for _____ @ \$8.50 per person
(Number of People)

My check for \$ _____ is enclosed. (Refunds made until March 15.)
