DALLAS -- The Southwestern Medical Foundation has announced two new grants to support research studies at The University of Texas Southwestern Medical School at Dallas.

A grant of \$3,300 was authorized to support studies on "Effect of DNA Repair on the Destruction of Tumor Cells," to be directed by Dr. Eugene P. Frenkel.

Dr. Gladys Fashena will supervise use of a Waters X-350 Oximeter in the division of pediatric cardiology, to be purchased through a grant of \$1,500.
