******Seminar features latest
techniques in asthma treatments.*

DALLAS--The newest in asthma treatment will be topic of a seminar Sunday, March 16 from 8:30-12:30 p.m. The program, which will be held in the Junior Ballroom of the Statler Hilton Hotel, is sponsored by the A. Webb Roberts Center for Continuing Education.

The program will include the following:

William C. Grater, M.D., clinical assistant professor of medicine, UT Southwestern Medical School, on "Immunologic Mechanisms in Obstructive Airway Disease."

Sami Said, M.D., professor of medicine, UT Southwestern Medical School and chief of pulmonary division, Veterans Administration Hospital, on "Prostaglandins and Bronchial Asthma."

William F. Miller, M.D., professor of medicine, UT Southwestern Medical School and director of pulmonary division, Methodist Hospital on "Pulmonary Function Evaluation in Bronchial Asthma."

Aida Geumei, M.D., Ph.D., fellow, pulmonary division, Methodist Hospital, on "Pharmacology of Drugs Used in Obstructive Airways Disease."

Stanley Feld, M.D., clinical assistant professor, UT Southwestern Medical School, on "Steroids & Bronchial Asthma."

Donald F. Egan, M.D., director of respiratory therapy service, Methodist Hospital, on "Hospital Management of Acute Respiratory Failure."

William A. Sellars, M.D., clinical associate professor of pediatrics at UT Southwestern Medical School and attending physician, Allergy Clinic, Texas Children's Hospital in Dallas, on "Office Management in Bronchial Asthma."

The seminar is supported by A. Webb Roberts Center and Syntex Laboratories, Inc. Palo Alto, California.
