

Breakfast in Bed with Cat

Tiny paw pads disturb my sleep
Dancing over my pillow and across the sheets
Is it time? Is it time? Green eyes glint and gleam
Oh Cat! Go back to bed! You ruined my fantastical dream!

Tiny toe beans pitter patter
Galloping madly round my room, causing quite the clatter
Is it time? Is it time? Tiny paws tap tap tap upon my head
Out Cat! Can't you sleep? Get off the bed!

Tiny whiskers brush my ear
Wake up! Wake up! The day is near!
Silly Cat! See the clock? It's 5am!
I'll shut the door and turn the lock!

Tiny paw pads upon my chin
If you've ever had a Cat, then you'd know you can never win
Softest breath upon my face- It's time! It's time!
Oh Cat! Isn't there a mouse that you can chase?

Meow! Meow! Quite loudly for the neighbors to hear
Wide awake, I declare- my dearest Cat, never fear!
My furry friend, I shall relent
Breakfast in bed, just the two of us, is time well spent

Side by side, our bellies both full

Life with Cat, as some of you may know, is certainly never dull

Content and happy, Cat sleeps the day....

Dreams filled with all the birds and laser dots he can't quite slay
