

What If

What if what if wasn't
That thought that lingers
The unfinished business
The infinite possibilities.

What if what if
Didn't make you hang on to the past
Recycle the unfinished emotions
Regurgitate unwanted memories.

What if what if
Was silent
Let you see the future
Let you step forward and not back.

What if what if
Didn't make you ask why
Make you daydream
Make you feel guilty, ashamed, or upset.

What if what if
Was just what was
What is
What is to come.

What if what if
Was just...
