

NEWS ITEM - SOUTHWESTERN MEDICAL SCHOOL OF THE UNIVERSITY OF TEXAS

May 12, 1954

Southwestern Medical School of The University of Texas recently received an appropriation of \$3,500,000 from the Texas State Legislature for the construction of an additional building. The new funds will provide teaching and research facilities for the clinical departments and divisions. Some additional space will also be provided for the basic science departments which will soon move into the basic science building which is scheduled for completion in September 1954. Among other functions, the clinical science building, when completed, will serve to connect the basic medical science building to the new Parkland Memorial Hospital (City-County Hospital of Dallas) which is scheduled for completion in October 1954.
