DALLAS--The fourth annual Graduate Student Research Forum will be held from 9 a.m. to 11 a.m. May 17 at The University of Texas Southwestern Medical School, forum officials announced today.

The event is sponsored by the Sigma Xi Club at UTSWMS and will feature Dr. Jonathan Uhr of New York University as guest discussant and formal speaker. Dr. Uhr will become the new chairman of the Department of Microbiology at the medical school in September.

The graduate students, of whom there are approximately 70 at UTSWMS, are invited to submit titles and abstracts of their research by April 17. A committee chosen by officers of Sigma Xi will select those papers to be presented at the forum. Cash awards will be presented to those students chosen to present papers.
