THE UNIVERSITY OF TEXAS
(SOUTHWESTERN)
MEDICAL SCHOOL AT DALLAS

BOB FENLEY, DIRECTOR OF INFORMATION

JOHN WEEKS, ASSOCIATE DIRECTOR

DALLAS--Dr. Earl Wilbur Sutherland Jr., a widely-known physiologist and member of the National Academy of Sciences, will deliver the Morris and Edna Zale Pediatric Lecture here March 30.

The talk, under the auspices of The University of Texas Southwestern Medical School's Pediatrics Department, will be made at Children's Medical Center.

Dr. Sutherland is a professor of physiology at Vanderbilt University School of Medicine and is a career investigator for the American Heart Association.

His honors include the Banting Memorial Lectureship and Medal, the Sollman Award from the American Society for Pharmacology and Experimental Therapeutics, the Gairdner (cq) Award from the Gairdner Foundation, the Dickson Award of the University of Pittsburgh and honorary doctorates from Yale and Washington University.

Dr. Sutherland has been a member of a number of study sections for the Public Health Service and National Institutes of Health.

MARCH 10, 1971
