******Texas Academy of Family Physicians
to meet in Dallas.*

DALLAS--Opening the twenty-seventh annual Scientific Assembly of the Texas Academy of Family Physicians to be held in Dallas October 17-19 will be an address by Dr. B. Leslie Huffman, Jr., president of the American Academy. The three-day meeting which, will be co-sponsored by The University of Texas Health Science Center at Dallas, will be held at the Marriott Motor Hotel.

Also on the opening program will be Richard M. Zaner, Ph.D., from SMU in Dallas, who will speak on "The Spirit of '76--History and Philosophy of Medicine." Others will include Dr. Mario E. Ramirez, president of the group; Dr. Charles C. Sprague, president of The University of Texas Health Science Center at Dallas; Dr. Frederick J. Bonte, dean of The University of Texas Southwestern Medical School at Dallas; and Dr. Kenneth G. DuBois, president of the Dallas County Chapter of the Texas Academy. A special Bi-centennial tribute will be presented by Nolan Moore Productions.

Dr. Philip Thorek of Chicago, Ill., will highlight the second day's program when he gives the annual Sinks McLarty Memorial Lecture. Dr. Thorek has spoken each year in the meeting's 27-year history.

Monday's program will include the following medical topics presented by UT Southwestern faculty members:

--more--

first add family physicians

"Indications and Contra-Indications of Oral Contraceptives," Dr. Johann Duenhoelter, assistant professor of obstetrics and gynecology.

"Colposcopy in the Evaluation of the Abnormal Pap Smear," Dr. Richard H. Nalick, assistant professor of obstetrics and gynecology.

"Basic Immunology for the Family Physician," Dr. Marvin J. Stone, clinical professor of internal medicine.

"The Foot: Child and Adult," Dr. F. Leon Ware, clinical professor of surgery.

"Treatment of Rheumatoid Arthritis with Review and Up date of Arthritic Drugs," Dr. J. Donald Smiley, professor of internal medicine.

"Neurological Emergencies, the Approach and Management of the Patient With a Subarachnoid Hemorrhage," Dr. Frederick H. Sklar, assistant professor of surgery.

Dallas attorney Russell M. Baker will also speak on "Medico-Legal Pitfalls in Everday Practice."

Medical topics, presented by Southwestern faculty, to be included on Tuesday's program are as follows:

"Common ENT Problems and Recent Advances in Middle Ear Effusions," Dr. Henry M. Carder, associate professor of surgery and chairman of the Division of Otolaryngology.

"Current Use of Antibiotics in Pediatrics," George H. McCracken, associate professor of pediatrics.

"Recognition and Treatment of Common Dermatoses," Dr. Alan Menter, clinical assistant professor of internal medicine.

"Venereal Disease, 1976, Serological Diagnosis and Therapy of Syphilis," Dr. Russell H. Wilson, clinical assistant professor of internal medicine.

"Hypertension: The Crisis, Advances in Therapy and Management of Hypertension Today," Dr. Norman M. Kaplan, clinical professor of internal medicine and deputy vice-president in charge of research programs for the American Heart Association, National Center.

"Diagnosis and Management of the Irregular Heart," Dr. James M. Atkins, assistant professor of internal medicine.

Also, Dr. J. Pat Evans, Dallas Cowboy physician, will address the group on "Football Injuries in High School and College." Dr. James C. Whittington, Fort Worth Otolaryngologist, will speak on "Allergies of the Eye, Ear, Nose and Throat."
